Victory in Paxlair
Submitted by Drake
Marsten:

Hail citizens of
Britannia, Last night
we rised up against
the forces of evil and
we crushed them.
Warriors and mages
from every corner
appears in Paxlair
last night. Thank you
all, without everyone
of you we would have
failed.

I arrived in Paxlair
early in the evening, I
could almost taste the
battle to come. People
were starting to gather
in the various areas of
Paxlair. Soon enough
people started asking
me how they could
help. The task of
organizing the
soldiers was not easy.
A carefully laid plan
of attack was designed
and the soldiers
needed to know

exactly what to do.
The soldiers were
split into 3 or 4
groups. There was one
main attack force just
east of the 2 towers.
There were 2 other
groups each with a
rune that will bring
them right into the
heat of battle. The 4th
group (I thimk Don
Martin was incharge
of that one) was to the
west of the eternal
ᶜᴱame.

The biggest problem
was to make sure that
the soldier knew that
we cannot attack until
the spell has begun.
After a good hour of
organizing the troops.
The wraiths arrived
and started to cast the
spell. I gave to call to
attack to the main
group. I quickly ran to
the gate group and gave
the call to attack. I join
the last gate group in
the attack. Our tactic
worked the wraiths
and they allies were
surrounded and there
was no escape. I
charged the ennemie
ranks, it was not long
till I was mortally
wounded and had to be
draged our of battle to
be healed. The fight
raged on, Uuban
compleated one part of
the as wraiths and
deamons started to
surround us. There
were ennemies and

allies all around. It was truly a sight of pure chaos.

After the last daemon fell a cry of victory could be heard echoing all through Paxlair. It was then we all knew we have won and were safe from evil. It was truly a grand day.

Later that evening Savon Dravren explained to us about the wraiths and their dark father. The dark father wanted to conquered and corrupt Britannia, he first sent the First Daughter, but she turned against him and made sure he could not get here. Then the dark father sent his prophet Uuban Dalik.

This is where the events begun that lead up to this moment, V*A tried to protect the first daughter but the wraiths nearly destroyed them and took their tower. From that point on hte wraiths worked into creating the portal for their dark father. Mayor Winfield also added that the Dark Father would never be able to enter via a gate in paxlair due to the power effects of the stream of courage

that goes beneath the city. And finaly to mention the reason we found out where the wraiths would be was because of the Spirit of Julia Simon who showed Eli of V*A where the wraiths would do their ceremony.

Well that is the version of the events from a simple warrior, thank ye all for thine help.

OOC Comments: First of all I would like to thank all the people that worked hard to put this quest together. This is no small feat, I was only there for the last chapter but this quest has gone on for the last few months.
I would like to thank all the villains for making the sacrifice of being the targets :)

And I would also like to thank everyone who participated in the quest, without you all there would be no quest.

This is an example of what can happen in this game if everyone works together. With a little work and patience wounderful things can be accomplished. For

those who say nothing
ever happens in this
game look around there
are lots of things going
on, you just have to
get involved. I for one
had quite and
enjoyable time on this
quest and I have made
many new friends
along the way.

Farewell
